

Dear Camino Lakes neighbors:

Your board of directors of the Camino Lake Homeowners Association invites residents to serve on one or more of our neighborhood committees.

Unlike the HOA board, there are no scheduled committee meetings to attend. Members work with each other, on their own time, and report to the board when necessary.

One committee, for example, organizes the annual spring picnic and another organizes the annual holiday party in December.

Four other committees deal with ongoing matters, such as:

Our **Welcoming Committee** - meets with new residents and informs them about the Camino Lakes neighborhood and HOA.

The **Lake Committee** is responsible for communicating with the company which maintains our lake.

The **Architectural Committee** handles requests from homeowners for changes to their home, such as new roofs.

The **Appearance Committee** is responsible for maintaining the overall attractiveness of our community.

We in Camino Lakes are lucky. We know our neighbors, and residents care about each other and our quality of life. Committees enhance your community and help to keep property values high.

The board encourages anyone interested in serving on a committee to email clhoa@caminolakes.org or speak with any board member.
